1. Purpose of incomplete plans

The purpose of incomplete plans is to monitor the execution and outcome of action plans.

When a learner has been punished or a solution has been tried, the outcome should be recorded using the “Complete Plan” button.

Important information to capture:

- was plan executed by due date**
- did the learner’s behaviour improve or not**
- did the learner’s attitude improve or not**

Sometimes the plan does not have the desired outcome. When the behaviour pattern is repeated, the second action plan solution should be better or escalated. Something has to change in order to get a better outcome.

2. Complete plan by providing feedback

Step 2.1: Select “Provide feedback on plan <date>” Menu Option

LEARNER DASHBOARD: TEST LEARNER IN GRADE 5

AWARD AND DEMERIT POINTS CALCULATED FROM 31 DECEMBER 2016 - 02 JANUARY 2017
